“ So sad and shocked to hear this tragic news. Mr. Mason, in the 12 years I have seen him around Hazelwood, always had a smile and a friendly hello. His presence will surely be missed. My thoughts and prayers go out to the entire family.

“ Oousin Paula & family. My heart is heavy @ this moment, with the lost of your beloved husband, father, son. nephew. grandfather &. cousin ... George R Mason III ... the memories of George when y'all would come to OH to visit, the stories. laughs, and George being himself. Keep his memories in your hearts, he was loved by everyone & we're going to miss him. Let not our hearts be troubled, yes we loved George, but our Heavenly Father loved him best. Weeping may endure for a night, but Joy cometh in the morning. We love you George. (Your cousins from OH)

“ With a very heavy heart, I would like to offer my sincerest condolences to the family of Officer George Mason, or Rock as we so affectionately called him. Rock was a gentle giant, a very kind and considerate man of GOD! I had the privilege of working with him for a number of years. I always felt safe and protected when he was around. He would drop whatever he was doing when I needed him for any reason and be right there! I went out on medical leave quite a bit at my old school and had to have surgery each time. Rock would catch wind of me having to go out and each and every time, he would come to our building and would take me to a private area and he would pray over me and for me! His prayers always provided me with comfort. He would often say to me, "you are gonna be alright, sister." His kindness just overflowed and he was a friend to everyone he met. This is a tremendous loss for his family and his HSD family. I am still in disbelief and still expect him to key in the building and come in smiling! I am praying for his family and loved ones at this most difficult time and lifting up our HSD family in prayer, as well! Rest well, my friend! You will be so very missed!

“ My sincere condolences to the Mason family. I have known and worked with Rocky for several years now. His friendly demeanor with friends and coworkers was only surpassed by the empathetic and caring way he interacted with the many students he helped throughout his career. A great loss that will be felt by many.

“ My heart is heavy! On December 6th, I was suffering from extreme pain in my head and was being taken to the ER for what would later be determined to be 2 blood clots in my brain. Officer Mason happened to come to my school where I am the principal at the same time I was headed to the ER. As I was waiting for my ride in my office, Mason came to me and asked if he could pray for me. Despite being in pain, I was overwhelmed with comfort as he began to pray and ask God to protect me. I have known Mason for years working in HSD, and was so thankful for that moment shared between us. I thank God that I was able to tell him last week that I was so appreciative of his gesture and that his prayers helped me more than he knew. The HSD family has endured a great loss, but I take comfort in knowing that he was a man of God and loved God so much! On behalf of the Strauther family, I want to extend my sincerest condolences to the Mason family. May you feel the love and support that we are sending you through prayers!

“ On Friday, January 25, my son noticed that I was sad and had tears in my eyes. He asked if I was thinking about Aunt Jackie; I said, “Yes and no.” “A friend of mine died today.” I said, “You know him, Rocky, he was the security guard at East when I worked there.” “A big guy, loud, and funny.” In fact, I said, he was just at my school Wednesday. When he walked in my office, I asked Rocky why he was there; he replied, “I just wanted to visit some schools and see how the kids were doing.” He set down in a chair and a retiree from East (who volunteers at my school) and I introduced Rocky to a 2nd grader who had been brought to my office because he was disrespectful to his teacher and disruptive in class. Rocky, using a very gentle voice, said, “Hey buddy, come over here, what’s your name?”

Rocky and the 2nd grader exchanged information about themselves and what happened in the classroom. The 2nd grader stood watching Rocky in awe. Rocky explained to him why he (2nd grader) needed to buckle-down and listen to his teacher and learn. The boy nodded his head and said, “Yes sir.” Rocky told the boy, “I’m coming back next week to check on you. I want to hear you’re doing really good.” The boy smiled and said, with anticipation, “OK.”

There was no doubt in my mind that Rocky would have come back next week. He really cared about little kids. He often expressed how concerned he was about the direction some young people were going and felt that we should start working with them when they were very young. He never tried to frighten them into compliance, but was very gentle with them. I’m sure my 2nd grader will be looking for Rocky this week and I’m sure he’ll be back in spirit. He will be missed by the many young students who have met him as well as countless others.

My sincere condolences to Rocky’s families.

“ George Mason was beloved by all inside and outside the Hazelwood School District, and he always had a smile, joke, kind word and a prayer if you needed it. He was always there for everyone and I was blessed to know and work with him for the past 15 years. He has left a tremendous void in this world, and I will miss my morning buddy I could always count on to start each day with a positive outlook. With tremendous sorrow, I offer my deepest sympathy to all his family and loved ones. May cherished memories of "Rocky" sustain you. With Deepest sympathy. Susie Chochol and family

“ I am saddened by the loss of George Riley Mason 111. The legacy “Rocky” has left on the Hazelwood School District is unmatched by any words that can be written. He made a difference in so many ways by helping and caring for students and staff. I extend my deepest sympathy to Rocky’s family by wishing them peace and comfort during this very difficult time.

“ I am an HSD retiree who still subs in the district. Last week I was subbing at Lawson Elementary when I answered the phone and George was calling. He always knew my voice and we exchanged news as it had been awhile since we talked. As we ended the call, I told him I was glad I had gotten to talk to him. He asked why, and I told him because he was my friend. I'm so sad to hear of his passing, but glad that the last thing I told him was that he was my friend. I extend my sincerest sympathy and prayers to George's family. He will be missed.
