“ *I remember starting the FDA with Akeila. She was in my FDA Chicago District new hire class. I remember Akeila was so intelligent, calm, and always had a smile on her face. Every now and then when I would see her again at a district meeting, she would still carry on that calm and friendly demeanor she had since I met her. Akeila worked hard to protect public health. She will truly be missed in this world. My condolences to her dear family and loved ones.* ”

“ *At first, "Akeila Randle" was just a name to me. Years ago I worked for a local health department in the Metro East area. I would run quarterly reports that had to be sent to Akeila Randle. One day I had a question regarding the report so I called Akeila Randle and she was very helpful. For years I had worked sending reports to her. In late 2013, I went to the Food Safety Symposium in Bloomington, IL and I finally met the "Akeila Randle." She was exactly as I had pictured her. Very nice and kind with a bright smile. Almost a year later, I called upon Akeila not for reports, but to find out who the contact person was at the Chicago District Office, FDA. I had been referred, but no one called me and there was no contact to call them. Akeila got right on it and called me back within five minutes. I thanked her numerous times because she didn't have to do it. My only regret is that we never made time to have lunch together when I moved to Chicago to accept the job she helped me get. Akeila will truly be missed by me and the FDA family. The love for Public Health is what brought us together.*

“ *With my sincerest sympathy. Akeila will remain in the hearts of her FDA family and be deeply missed. She was a wonderful person and we loved her and working with her. As she rests with the Lord, remember His Word is a comfort for it says, "Peace I leave with you, my peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid." John 14:27 King James Version*

“ *Akeila Randle was with Cobb & Douglas Public Health prior to her promotion to the FDA Central Region in 2011. Not only did she represent public health well but she left a lasting impact on our agency and continued to check on friends that she had made long after moving on to the next level in her journey with the FDA. Our condolences go out to her family and loved ones--which are many. Akeila will forever be in our hearts.*

Please consider giving to the children's scholarship fund.*

Process for Donations for Scholarship:

Bank of America is accepting Zelle Style Transfers for the children's scholarship fund.

To make a donation all you need is:

- Email address associated with the account: kbuf911@aol.com*
- Account Number: 488081360530*
- Name Associated with the Account: Kristi Chambers*

If you use the BOA app this transfer can be done using the app by clicking on the Transfer Tab, then the purple Zelle send tab and follow instructions.

*Most major banks use the Zelle program. It works much like Venmo. If you do not bank with Bank with Bank of America or if your Bank does not use the Zell Style direct transfer system, you can send a regular transfer by registering with Zelle to send funds.

“ Akeila was a beautiful person. She loved her children, her family, and her colleagues at work.

When she was having a difficult time in the hospital with Jordan, she told me, "I have a calm spirit now, because I know God is with me."

I will miss her smile, laughter and friendship.
