I miss you mom for your hugs and kisses. I knew you fought hard to stay with your children. I will be alright mom don't you worry. You always told me the race is not given to the swift or the strong , but the one who endures to the end. I remember you told me to stay strong and show 💕

“ I will always the remember when it use to storm outside, you used to tell us to turn off all the lights. You would open the front door and look out! Also the way you laugh so hard at funny movies. I use to touch your face and tell how soft it was. I miss you but better than that I love LOVE you!

“ Minister Aleen Denise Newman, your little Alice in wonderland. Mom I LOVE you so much. I am going to miss praying with you. I appreciate you helping me out with Nana & Howard III. I am glad I took your advice and received your words of encouragement concerning your great grandchildren. I count it selfless taking care of you. Nothing in this world can change my heart how much I really love you. The children really love you and misses you greatly. You always put me back in my place, when you ask me to remember several scriptures and live by the word when people get on my nerves. I appreciate you standing up for me. You are a good mother and I know in my heart that you love me. You show it so many times. You are the sunshine of my life. I am going to miss laughing with you. We laughed so hard we both had tears in our eyes. Nope I just remember, you needed water to stop choking for laughing. I am going to miss your life time special stories when you where a young mother. I thank you for the recipes. Nana seem to be taking after you, cooking. Thanks for caring for Danny when she was born. Thank-you so much for feeding my child through the nights. You never missed a feeding time. Thanks for caring for me when I carried Danny. Thanks for running out the delivery room and left Victor to pick up the pieces. Mom I love you. Thanks for allowing me to sleep in your bed when I worked overnight. Thanks you for your kindness. No one can take your place. I need to hear from you again . I missed calling you early morning waking you up. Then we began to talk for a long time. I miss talking to you until we both fall asleep over the phone. I Love you and I am not ready to say goodbye. Love your Aleen.
