“ aunt Bell I am going to miss our conversations and miss you always laughing at things that I say. I'm so glad I made you laugh always. I've always said you were my best auntie. Until you got sick you always called me and always called you. It saddens me to know that you're gone, I do know that now you can see your mom, my mom and everyone else. we will see you again one day I pray God gives me the amount of time that you were given on this earth. You were a great lady always told you I loved how your children took care of you and how wished I was able to take care of my mom that way. please tell my mom I said hello and that I always feel her spirit everywhere I go rest in peace on Bell. I will never forget you love Glenda your niece.

An angel that will watch over her loved ones as they continue to live out their lives on earth as they continue to keep and uphold values that were taught to them. As long as you honor your mother’s wishes, remember her love will continue to flow in you all forever!!! Continue to remember the happy times and know you all did your part while your precious mom was here on earth!!! Blessings Ms. D Hutchins
