“ Tony Smith was my Uncle. The words are difficult to find in my vocabulary except Great. Tony was Great. Tony was always just a phone call away, literally. Whenever you call and he'd answer, his famous words were "what do you need". Always looking to help always. We built things together that still stand today and will always remind me of him. He taught me the meaning of being a man. Be a man and people will always respect you, even the people you don't think respect you really do. Always look out for your friends and family, especially your kids and your wife. He always told me to have an extra freezer so you can always have food for you and your family and for those that may need. I'm so proud of my Uncle Tony. He was always there for me. Jan, thank you for taking care of him. I'm sorry for such a long post but I had to tell the world a little bit about a Great man that I got the gift of spending time with.

“ *My dear sweet Jan, I was so shocked to hear of the loss of your beloved husband Tony. You and I spoke many times about him and I know he treasured you and the children more than anything. May GOD wrap him in his loving arms and give him the sweet peace he so very much deserves. To Tony's children and nieces and nephews, hold on to the sweet memories of him and know that he will forever be in your heart and your special angel watching over and protecting you. Praying for all who love him and may you find solace in the family and friends who are here for you.*
