“ *My mother is missed so very much. She was the fixer of all things. If I called her upset she would ask me "What will it take to make it better? Money? I can get money. Love? I love you more than you will ever know." I never had to ask her for anything because she always knew what I needed before I even asked. She knew what I needed when I didn't even know what I needed. She was the best mother a daughter could have. She was generous and caring and made everything better. I love you mom and I don't know what I will do without you!*
