“What comes to mind first about Carl is his soft spoken voice saying, “*Marci, what do you need me to do?*” “*Marci, what do you need me to help you do?*” “*Marci, don’t worry about it. I’ll do it.*” I loved working with him during and after the building of Grace Bible Church. I knew Carl as a “willing Worker.” I’ll continue to miss you and will see you again, friend!
