“ To the family of Cledell Lewis, we are truly sorry for the loss of a great man. Every time I saw him walking thru the halls at Charter, he was smiling no matter how he felt. He was a great person to work with and he will be missed. Keeping you and your family in my prayers.

Just know that perhaps they are not the stars, but rather, openings in heaven where the love of our lost ones pours through and shines down upon us to let us know they are happy. He is truly, in a better place.

“ Our hearts are truly heavy from the loss of a very good friend. Shug was the most mild mannered person we've ever met. I always told Shug he was the Forest Gump in our life. He was there for every major event in our lives. Just to name a few he was there the first time we took possession of our home 25 years ago, he drove the moving truck when we moved, he was at the hospital the day we lost our son, and he was there for our twenty-fifth wedding celebration. There was countless other events that he was present. Shug was my golf buddy and partner in crime. I have fond memories of the days we would kick it together. I loved Shug like a brother and will truly miss his smile and mild mannered demeanor. LOVE YOU MAN!

“ *Cledell Lewis, what can we say that hasn't already been said. What a kind and gentle spirited person who loved his family, life, and people wholeheartedly. We are so thankful for the visits with him while he was in the midst of the battle. Never did he have a bad word to say about anything he was going through, he would always say that missed the "taste" of BBQ but never asked why me. We are so thankful for his friendship and will miss him terribly. We know that we will see him again one day and are continually praying for his wonderful family. Thank you for sharing him with his Charter family. We will cherish his memory forever.*

“ *Cledell will always hold a special place in my heart. He had an uncanny knack for seeing the best in people, and bringing it out for them to see as well. He lead a courageous fight against an impossible foe, and now he can rest peacefully. I count myself blessed to have shared this life with him and take comfort that he is with God now letting his love shine down on all those he touched in this world. Cledell, love you buddy!*

My heart goes out to and the family he cherished so deeply. As special as he was to me, I know your lives were enriched beyond measure having him by your side. You will always have him in your heart, and his light will shine upon you everyday. He will be with you every moment...accept when he's playing 18 at Pebble Beach with Bobby Jones...

“ Cledell,

You always brightened the room with your smile. Your charisma made it impossible not to like you! I have such a great respect for you. You were such a kind and caring man and always worried about the "other person" and how they were doing or feeling or how their family was. Your strength and optimism was inspiring! I was proud to call you my friend...you were definitely one of the good guys! I will truly miss you my friend.

I am sending prayers to your lovely wife Cosandra, to your "Little Buddy" and to the rest of your family. May God place a healing hand on their hearts.

“ *When I think of Cledell, the first thing that comes to my mind is his big genuine smile, his easy, laid back demeanor, and his gentle, calming voice. He was the sweetest, nicest person I have ever met. Not one time in the entire time that we were friends and co-workers did I ever hear him raise his voice or utter anything negative about anyone. His positive attitude continued even as he was sick, he still had that wonderful smile and his incredible drive to keep going. If there are angel's here on Earth, Cledell was one of them. I will miss hearing him speak so lovingly about his family and his Little Buddy, Jayme.*

Cledell, I will miss you very much, you were one of a kind. See you again one day, my dear friend, Love, Penny

“ *Cledell was the nicest person that I have ever met. He was constantly upbeat and positive. Continuously had a smile on his face and was thankful for each and every day. Any obstacle at work, he was always looking to make it better. During his battle with cancer I never saw him feeling down or blue. He always was so thankful to have another day. That last day that I saw him and spoke to him, even then looking so tired told me that he hadn't given up and would continue to fight. I am so thankful to have been allowed to have met him and know that God has a true angel who will look over his family forever.*
