“ Dennis was an occasional attendee of our former church. Dennis was a very kind-hearted and caring man, who returned to St. Louis to take care of his ailing sister Arlene prior to her passing around 2018. To the day that Dennis passed away, Arlene's passing deeply affected Dennis. We bonded as friends, brothers in Christ, and even as family, as he frequented our home on holidays over the years to join us for fellowship, family meals, and football, with Dennis sometimes falling asleep after having worked long hours. But that was okay, he was family. Unfortunately, I had not spoken with Dennis for several months, and after attempting to contact him this week to wish him happy 58th birthday and finding his phone was no longer in service, I made a call in which I discovered he had passed several months ago. I am deeply affected by this and even now, months after his death, I am grieving. In addition to the fond memories I will always have of Dennis, the greatest comfort I have is that due to our conversations about Jesus Christ and salvation, I believe that Dennis accepted Jesus Christ as his Lord and Savior and he is now absent from the body and present with the Lord. I will pray that the Williamson family is comforted in this knowledge, and I want them to know that if they trust Jesus Christ as their Lord and Savior, they can also receive God's forgiveness for their sins, and they can receive eternal life in the kingdom of heaven, where they will be reunited with Dennis (and Arlene) for an eternity. God bless you and your family.

*For God's Glory,
Elder Mark Clary, wife Terressa, and family*

“ *My name is Mike Fritz, I pick up donations from Walmart. Dennis always made it more fun. We would joke back and forth and he would tell me his opinion on different Walmart employees. He always had something fun to talk about. I could always count on him to have a smile on his face. He is dearly missed by all of us at TEAM food pantry.*
