“ *I meet Ms Edna Draper (Suga Mama) later on in life, but being with her was like I had my grandma again and I want to Thank her family for allowing me and her into each other's life. I loved to sit and listen to the Blues with her and a song or part of a song that she liked and she would light up that was the best. She will be missed so much, my prayers to the whole family because a angel has got her wings. Again I want to Thank the family for allowing to be in my life. Love
