“ *Me. Session was a star in my short film and a great friend. I will always remember going to his house and sharing moments with his family. My heart goes out to the Session Family.*

“ *Garry and I worked together here at Boeing for over 10 years. He was just a true friend, a super nice guy that had a unique way of putting things in simple words that everyone could understand. Many of his “simple sayings” I readily could relate to: I asked Garry once about the education of his daughters? Garry’s response was that his rule was to them was “ set down, shut up and listen “. Pretty simple.*

We will miss Garry here at work
