Wonderful sense of humor and eager worker on the 1522. Many fond memories and his stories about biking all over. Fine fellow and good to work alongside. Peace be with you, Jim.

Jim was a good friend. He served in the Navy on the submarine USS Trumpetfish. We spent time with him in the All Souls Young Adults Club, going on float trips, car rallies, talking on CB radios, etc. He had a successful career working with programming computer systems and even spent some time in Germany. He enjoyed hiking & cycling over in Europe with friends. After his retirement he volunteered his time working at DePaul Hospital, and at the National Museum of Transportation for many years. He loved working with photography and taking photos to share. He just loved to travel too around the country in his camper too.

We will miss you Jim.

JM

Jim was a wonderful volunteer at the National Museum of Transportation. His work on the 1522 and other rolling stock here, as well as his work in the Archive, was invaluable. He was a very kind man, with a ready sense of humor and an eagerness to be involved.
