“ *Missing you so much mother.....if only you could imagine the pain I am feeling and how hard it is to make it day by day. Not to mention all the confusion before and now after your death. I know God has been with me and I thank God for my sanity. I also forgive them for they know not what they do. I am so happy you are not in any more pain and you are at peace. I will be fine. God is guiding me. This will be a process and you of all people know your baby girl is strong. That is why you always counted on me and made me in charge of everything. For that I am honored and I am missing you like crazy. R.I.P #1 Lady*
