“ *My favorite memory of Karl is when we first met. My friends and I were on a trip to Daytona Beach right after graduation. We had some mutual friends and hung out together one night. When I got home, I realized my favorite Nikes were in Karl's trunk. I didn't think I'd ever see him or my shoes again. Two weeks later I ran into him at a party. I asked if he still had my shoes. We ran out to his car and I got them back. Karl was always a good guy. We lost touch over the years, but I will always remember what a bright light he was to those who were his friends. Keeping his family in my prayers. May he rest in peace with Jesus. Jackie (Pohl) Krechel*
