“ To my beautiful older sister who I can't imagine not having around. We always had so many hilarious ideas growing up. Maybe some not so smart. Your laugh was contagious, from being my best friend to being the best Aunt to your renamed Madison "Lulu". My heart will always have a piece missing without you. I know we've gained an angel to watch over us but never will there be a day I won't miss you. Until we meet again Sis❤️

“ When we were young; I used to tag along with my cousin Kimmy. I thought she was the coolest, most beautiful girl. We had many fun times together & made a lot of memories. I'll hold those memories close to my heart now. Rest peacefully sweet cousin.
