“ One of my favorite memories of grandma was her prepping us for bedtime as little kids. We had the BEST and most soothing bubble baths and "good smelling" after bath powder sessions! During the summer, she would let us sleep in grandpa's t-shirts and near the fans. I bet that's where I developed my obsession for fans while sleeping. My grandma had a way with calming others and making everyone comfortable. I will treasure those memories and times that she made spending the night at grandma's simply the best.
