“ Melvin was a light to me. He always brought joy to dark places. I always looked at him as my brother because he always had my back. I was going skating one day after years of not going, Mel was the first person that I saw. Mel put \$10 in my hand and told me to get to the skate repair asap before somebody saw my wooden wheels and kicked my but. He saved me from humiliation that day lol! I have known all of the Franklin Family for years we grew up around the corner from each other they are all beautiful!
