“ *Kim and Andy, we are so very sorry for your loss. Mike was a dear classmate and friend! I am having a Mass said for him on his birthday 2024. He will remain in my prayers. I know he thought the world of both of you and was so proud of you. Dennis and I will be there tomorrow. Dianne Carson*

“ I haven't seen Mike in years. Recently reconnected on Facebook. We went to college together at KSU. We also worked together at Hastings+Chivetta for a bit. We were friends and are still friends. I just learned he passed and it is very sad. I looked for pictures of Mike in my files and found these. These pics are Mike in the late 1970's and early 1980's.

“ Dear Kim and Family, I was so saddened yesterday to hear this news about Mike. I'm so sorry for all of you and sending prayers and sympathy. I had the pleasure of working with Mike for many years. He was such a great soul with so much kindness. He was always smiling and could handle with grace any challenges that came our way. He thought very strategically, appropriately and always in the best interest of the client. As a result it was always wonderful to work with him as we could always conquer the task and see the opportunity. His spirit, energy, talent, smile and love will live on as a wonderful and cherished memory.

*Heartfelt Condolences,

“ Mike was such a good person, a great communicator, and an excellent architect. His mentoring manner and knowledge of the profession was something that all young architects could benefit from. There was a period of time where he and I could always count on seeing each other at least once a year at an annual professional networking event - somehow we always found one another. His spirit was so young, and his energy was infectious. I'm so terribly saddened by his passing.
