“*Nicole was one heck of a lady! She always gave 100% no matter what she was doing. Wether it be cleaning, cooking for her family, working, laughing and of course, that thing she did best...loving. She always came at you with that beaming smile of hers ready to make you feel like you were the only one in the world. With just a touch of mischief she always got a good belly laugh out of me. She cared about all of the injustices in the world and hated to see suffering no matter who it was. Nicole had the biggest heart of anyone around. She will be sorely missed for a very, very, long, long time by all who knew her. Her family should take comfort in knowing that she is fiercely looking out for you all with all of that infinite love that's in her heart. It will never fade. Rest easy Nicole. You are loved and missed fiercely too.*
