Dear Family, Ruby was a very special lady and a dear friend. She will be greatly missed, but her spirit will live on. She had the sweetest smile and it warmed my heart to hear her laugh at my husband's jokes, and she was always ready to give him a kiss. We love you, Ruby, and we will see you again someday in the Promise Land. Love, Robin & Byron Koster

Ruby, I never got the pleasure of knowing you, but I know of the devotion your daughter Shelly had for you that she loved you very much

Dear family, I'm sure you realize how special Ruby was in my life. Her humor but no nonsense ways endeared her to me. She introduced me to the greeter position at Walmart and I learned a great deal from her. I miss our lunches that we continued to have after she left the store. Although she was a pretty private person she would often share stories about her family. I have missed her for quite a while now but hopefully we will see each other again, with God's grace. My condolences to Don, Shelly, and the rest of the family. Love always, Jane Hogan

My mothers battle with Alzheimer's disease has come to an end. It is heart breaking to have someone you love so much, not recognize you anymore. I take comfort in knowing her mind is at rest now. I miss her every day.
