“Wow just found out about him passing, sending love and prayers to all his family! He was a fun guy and nice to everyone! Saw him a few years ago at Mattinglys Hazelwood and it was like we never lost touch and he had the same sweetness. Rip you will be missed

“I'm so sorry for the loss of this amazing man. I knew him since the first grade and have a lot of memories of him. He was always super sweet to everyone. The vision I will always have of him is wearing his white and blue Adidas jacket in grade school. I'm pretty sure I remember the exact day his voice changed too. It was drastic and shocking :) I remember sitting and watching him and Jason Higgerson work magic to win every game of spades. They may have had a system...I will always love him and miss him. I was so sad to miss his service. He was a staple of my childhood. I'm attaching a photo I have of him with friends walking home from school one day. With love always, Jenny Olsen

“ Ryan, it breaks my heart to have to write this. I know years have passed since we last hung out. SEMO was such a blessed memory, because of people like you. We had some great fun memories. I could always count on you to be the nicest dressed guy around! I'm saying extra prayers for your family this week. Thanks for making SEMO some of the best times of my life. You always included the SEMO soccer girls! Love always ETODD

“ Ryan, I really don't know what to say. I am still in shock and still can't believe your gone, The fact that you were a inspiration to a lot of people, very loving, cared about others and so much more. You have been my friend for a very long time and will always be my friend, but the day we cut our hand and shared each others blood I knew right then and there that we were stupid for cutting our hands lol but we became blood brothers !

Prior to that we were brothers just had to make it official, I hope you are ok up there say hi to all of my 6 family members (drink a beer with my dad)

I would take your place in a heart beat without a doubt, I just want to say I love you more than you know, people use to say we ran Hazelwood/Florissant

I would have to agree so make sure heaven is ready cause when I see you again we are taking over heaven, I talked to your mom yesterday have not done that in a long time (she is in good spirit) brother she is a strong woman, we will take care of her for you! I just wish I could have got to say goodbye or at least see your face one more time,

I love you brother, got a surprise for you after funeral the sky is gonna glow

You will never be forgotten and your memories are stronger than ever
