“ *I thank God for allowing Mama Shirley to be a part of my life. She was always willing to share her gifts with others whether it was cooking, sewing, listening or just being there at the right time. I certainly cherish the times we spent together in the kitchen as she taught me how to cook some of my favorite foods. She was an excellent example of how a mother/ grandmother should be. LOVE YOU ❤️ Shanisa*

“ Words can't express the love and memories we've shared for over 30 years. I Thank God that the same God kind of love will last throughout eternity. What a blessed woman of God you were here on earth to so many. Thanks for sharing 30 years of your precious life with me and my family as your daughter in love. From labor to reward, how precious. Momma Shirley -you will always be loved by the Harrold family. Nisie

“ Grandma Shirley always had a way of causing you to consider your thoughts/ways when in a conversation with her. As a seamstress, she had the talent to create and repair garments; just as she planted seeds of love to create and repair the hearts of others. - Anthony & Kay
