“ Wynne, I'll never forget when you came to my father's funeral to support me. It was right after your father passed and I will always remember you for that. May God have you in his arms and hold you tight

“ Wynne and I met when she answered an ad I posted in the Journal newspaper. I was advertising my babysitting as an at home mom. She answered immediately and I started watching Logan every day while she worked full time. Over many years my son Ryan and Logan became best of friends as well as our family did. You were a special person Wynne. My deepest sympathy to the whole family.
